

INVESTMENT POLICY

Sabadell Consolida 90, FI combines the search for profitability with partial protection of the investment in successive protection periods. The Fund is designed so that its daily net asset value is no less than 90% of the last net asset value of the previous calendar year, regardless of the subscription date of the unitholder. This consolidated net asset value is guaranteed and remains constant each period (from the first to the last business day of the year, except for the first period which will be between the date of the Fund's first net asset value and December 31, 2022) and is reset at the beginning of each year, either upwards or downwards. Since the aim is to guarantee 90% of the consolidated net asset value in each protection period, the unitholder may experience zero returns or even losses. The Fund invests worldwide (maximum 30% of assets in emerging markets) and in all asset classes, enabling it to constantly adapt to different environments. In favourable market conditions, it prioritizes risk assets (invests up to 50% of the portfolio in equities) and in bear markets it invests in more conservative assets. Further description of the investment policy can be found in the key investor information document (KIID), which is available at www.sabadellassetmanagement.com. **WARNING:** This Fund can invest up to 10% in fixed income securities rated below investment grade, which represents a high credit risk. Despite the guarantee, there are clauses that condition its effectiveness which can be consulted in the prospectus.

UNIT CLASS PERFORMANCE (NET ASSET VALUE)

The Fund is actively managed against a benchmark and seeks to outperform the benchmark. The Fund is primarily exposed to benchmark issuers. However, management of the Fund is discretionary and will be in issuers not included in the benchmark. The Fund monitors risk exposure relative to the benchmark, even if the deviation from the benchmark is significant.

Percentage that can have an ESG rating ³	91.42%	100.00%

ESG Terminology

ESG criteria

The criteria are extra-financial criteria used to assess the Environmental, Social and Governance practices of companies, states or local authorities:

“E” for Environment (energy and gas consumption levels, water and waste management, etc.).

“S” for Social/Society (respect for human rights, health and safety in the workplace, etc.).

“G” for Governance (independence of board of directors, respect for shareholders’ rights, etc.)

ESG Rating

The issuer’s ESG rating: each issuer is assessed on the basis of ESG criteria and obtains a quantitative score, the scale of which is based on the sector average. The score is translated into a rating on a scale from A (highest rating) to G (lowest rating). The Amundi methodology provides for a comprehensive, standardised and systematic analysis of issuers across all investment regions and asset classes (equities, bonds, etc.).

ESG rating of the investment universe and the portfolio: the portfolio and the investment universe are given an ESG score and an ESG rating (from A to G). The ESG score corresponds to the weighted average of the issuers’ scores, calculated according to their relative weighting in the investment universe or in the portfolio, excluding liquid assets and non-rated issuers.

Amundi ESG Mainstreaming

In addition to complying with Amundi Responsible Investment Policy⁴, Amundi ESG Mainstreaming portfolios have an ESG performance objective that aims to achieve a portfolio ESG score above the ESG score of their ESG Investment universe.

¹ The investment universe reference is defined by either the fund’s reference indicator or an index representative of the ESG-related investable universe.

² Percentage of securities with an Amundi ESG rating out of the total portfolio (measured in weight).

³ Percentage of securities for which an ESG rating methodology is applicable out of total portfolio (measured in weight).

⁴ The updated document is available at <https://www.amundi.com/int/ESG>.

Sustainability Level (source : Morningstar)

The sustainability level is a rating produced by Morningstar that aims to independently measure the level of responsibility of a fund based on the values in the portfolio. The rating ranges from very low (1 Globe) to very high (5 Globes).

Investing involves risks. An investor's decision to invest in the Funds should take into account all the characteristics or objectives of the Funds. **Past returns are neither a guarantee nor an indicator for future results.** The return on the investment and the value of the principal of an investment in the Funds or in another investment product may rise or fall and result in the loss of the amount initially invested. All investors should seek professional advice before making any investment decision, in order to determine the risks associated with the investment and its suitability. It is the responsibility of investors to read the existing legal documents, in particular the current prospectus of each Fund. Subscriptions to the Funds will only be accepted on the basis of current legal documents, i.e. their most recent prospectus and/or the Key Information Document which, together with the latest annual and half-yearly reports, can be obtained free of charge at Sabadell Asset Management's registered office. Information on the risks, costs and expenditure of the Funds can be obtained in the Key Information Document or in the prospectus. Profitability data does not take into account fees and costs associated with the issuance and redemption of Fund shares.

Information on sustainability issues can be found in the Amundi Responsible Investment Policy or the Amundi Sustainable Finance Statement available at: <https://about.amundi.com/Metanav-Footer/Footer/Quick-Links/Legal-documentation> and in the Sustainability Annex of the respective Fund prospectuses available at [sabadellassetmanagement.com](https://www.sabadellassetmanagement.com).

Shares/units may only be acquired on the basis of the latest prospectus, the Key Information Document and other documentation in force, which may be obtained free of charge from the registered office of Sabadell Asset Management, or on the website [sabadellassetmanagement.com](https://www.sabadellassetmanagement.com).
